

SIMONE DALLEDONNE

Innovation Management Engineer

ABOUT ME

Hi, I'm Simone Dalledonne – a forward-thinking, curious, and ambitious guy. I have engaged in various university and extracurricular projects, fostering a blend of soft and hard skills. Guided by a passion for technology, sport, and travel, I thrive on exploring new cultures, new limits, and emerging technologies, including AI, Blockchain, and VR software. Through diverse job experiences, I have learned skills in business development, product and project management, technology oversight, stakeholder engagement, and marketing. Let's connect and explore how my expertise can contribute to your team's success.

EXPERIENCES

- **Silicon Valley Study Tour**, Redwood city (CA,USA) - *Selected student*
August 2019
Selected as one of the 50 Italian students for the SVST, Visited prestigious universities and tech companies, established public relation with C-level executives, investors, and engineers in Silicon Valley.
- **FREESHO**, Startup in Cassino (FR,ITA) - *COO & Co-founder*
September 2020–September 2021
